The Newfoundland Wreath Company

We create all-natural Christmas wreaths using sustainable foraging methods. Windswept and wild-harvested, our wreaths are made from a wide array of local foliage: Balsam Fir, Spruce, Red Dogwood and Juniper. Each piece has been weather-tested by the Cape Shore to last throughout the winter and into spring.

All of our wreaths are made by hand right here in Placentia NL, delivered locally and can be shipped nationwide so you can send a piece of Newfoundland to your loved ones wherever they are!

Blaine Myles' Art

In the world of art, Blaine is self taught without any formal instruction and that lack of formation has allowed him to create art according to his own rules. Minimalism is the predominant style that Blaine follows in making art — the suggestion of movement and shape becomes manifest in using less detail. Less really is more.

Originally, Blaine was inspired by styles that were popular from his mother's generation and then he later began to incorporate more contemporary images. Finally, he began to create images that speak to his roots in rural Newfoundland and Labrador.

SWILL Designs is a venture that started as a hobby one year ago, but caught the attention of some influential people in my life who encouraged me to share my art with the world.

All of our jewellery begins as a block of polymer clay. Each piece is molded into what you see displayed. Our products are created in small batches and not from an assembly line.

All of our pieces are handcrafted. We consider them to be perfectly imperfect — Sisters not twins. When you make a purchase at SWILL Designs you are supporting a local artist who lives and works in a community just like you.

Live Textiles

Live Textiles are naturally dyed, hand woven and hand finished by Megan Samms in her studio in rural Ktaqmkuk in Katalisk (Codroy Valley, Newfoundland). As a cloth maker, a modern hand weaver and dyer utilizing organic and natural fibres, plants, looms, spinning wheels and other tools of the textile trade, she works to bridge the gap between fine and functional craft creating one-of-a-kind, multi-purpose textiles for homes, bodies and lives.

Nathan Keil is originally from rural Ontario. He began practicing wood and bark carvings shortly after moving to Newfoundland over seven years ago. Inspired by Newfoundland's extraordinary scenery; whales, puffins, icebergs and beyond, Nathan started Come From Away Carvings. He creates one-of-a-kind hand-crafted wood and bark carvings of Newfoundland's beautiful wildlife and scenery.

CFA Carvings' unique wood and bark carvings are ideal for Christmas, birthday, wedding, anniversary and graduation gifts!

Yorabode

She was unable to find home products that felt evocative of this province, so Emily Campbell decided to try her hand at making. With some foraged spruce needles and essential oils, Emily attended her first market in 2017, where she sold (just) enough to pay for her table. A year later, she left her job as an architect and jumped in with both feet. Now a small team, Yorabode operates out of a dedicated studio space in downtown St. John's, Newfoundland and Labrador, where they craft home goods that you've probably smelled the likes of, except in the woods.

HOME. MADE.

Engen Books Ltd.

Engen Books is an independent publishing company based out of Newfoundland, Canada. It was started in 2007 by Matthew LeDrew and is currently run by a board consisting of LeDrew, Ellen Curtis, Erin Vance, Amanda Labonte, and Matthew Daniels.

Our mission is to promote literary expression and the medium of literature, regardless of genre, setting, or style. We believe that when you limit an author by geography or genre you are also limiting that author's imagination, and thus limiting what you believe that author is capable of imagining.
